Fife College

UHI | INVERNESS

Develop your building services workforce

HNC Architectural Technology

2027–28 intake.

Starting August 2027

Gain an industry-relevant HNC while continuing to work.

A fully online programme delivered by Fife College in collaboration with UHI, supporting the Modern Apprenticeship pathway.

Why this opportunity?

Study while you work

Fully online learning designed to support employees in the workplace.

Build professional skills

Develop knowledge in areas including Revit/AutoCAD, construction technology, building services and sustainability.

Support career development

A valuable opportunity for employees working in the building services sector to develop their knowledge and qualifications.

Modern Apprenticeship pathway

Employees can complete their SVQ with UHI alongside their HNC with Fife College.

This pathway will be fully funded through SDS, no matter what age you are.
